HEALTHCARE TRAINING

ADVANCED SKILLS : MINOR ILLNESS

JESHNI AMBLUM-ALMER, COURSE DIRECTOR

About Us

Belmatt Healthcare Training

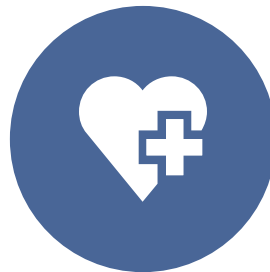

POSTGRADUATE AND PRIMARY CARE

We are an international postgraduate training company that started in the UK. We provide accredited courses for healthcare professionals working in primary care and general practice

Course Director

I am your course director. I trained as an Advanced Nurse Practitioner in Primary Care and I have been the course director of the MSc Advanced Practice programmed at the university.

LMS SYSTEM

We use an online system called Administrate which gives you access to your learning resources, handouts and videos to support you.

Our Mission & Vision

Mission

Provider of accredited
postgraduate training
courses

Vision

Streamline educational
courses in primary care
across the globe.

Goal

Ensure courses are of a
high standard delivered
by experts in the field

Inspiring

We support our
healthcare professionals
to volunteer in
developing countries
providing free medical
services.
